

COMPANY OVERVIEW

MTMKay is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing reliable **IT and cybersecurity support** grounded in hands-on U.S. Navy experience. With a foundation in aviation maintenance oversight, enterprise IT environments, and quality assurance, we deliver structured, dependable solutions tailored to strengthen operational readiness. Based in Florida, MTMKay supports organizations with secure, efficient technology services and a clear focus on accuracy, accountability, and mission alignment. Our company is driven by a commitment to expanding access to technology and enabling clients to operate confidently in today’s digital landscape. Through continuous innovation and strong industry partnerships, we help businesses modernize, improve performance, and adapt to evolving technology demands. MTMKay empowers organizations and communities by delivering thoughtful, forward-looking IT capabilities designed to support growth and digital transformation.
